

TERM 4

WEEK 5

13 NOVEMBER 2020

Dear Parents and Caregivers

We have successfully achieved our second PBS reward for 'Walking on Pathways' and this week have introduced a new focus. This new focus aligns with our Attitude CARE Card as we practice 'Lining up quietly outside the classroom'. Already students have embraced this PBS focus, with some of the classes in the middle years encouraging their peers to demonstrate the key behaviours which have been discussed and explicitly taught in the classroom. On the first day, we had several classes where EVERYONE in the class earned CARE cards. I am sure that this will mean that we will reach our target of 1200 CARE cards very quickly!

Colour Run

Next week Friday is the 2020 Colour Run and we are getting excited! It will be held on the Senior Oval in the afternoon. There will be three separate sessions over the afternoon: Years 4-6 from 1.30pm, Years 2-3 from 2pm and PP and Year 1 from 2.30pm. At the end of your child's session, you are able to sign your child out at the office if you wish.

Students are able to wear their colour run clothes on the day but students in Years 2-6 will need to bring a change of clothes as they will return to class. For the biggest impact, we recommend that your child wears a plain white shirt, old clothes and shoes that you don't mind being coloured as the colours will likely washout of your child's clothing but this is not guaranteed.

There will be various colour powder stations throughout the course. The colour powder used in the event is non-toxic, biodegradable and environmentally friendly consisting of 98% corn starch and 2% food colouring. Students will be provided with sunglasses to protect their faces and splashing of colour will be aimed at the torso, however, wind and other factors can cause the powder to protrude on the face.

Your child can still participate in the event should you not wish for them to be sprayed with colour powder. It is vital that parents let teachers know this as soon as possible and we will arrange for them to be identified as non-spraying participants.

The P&C have liaised with the school to ensure that we are managing to hold this event in a COVID-19 safe manner in accordance to Department of Education requirements. We have a small number of parent volunteers who have volunteered to help on the day and will be assisting on the oval, however, all other parents and families will be expected to watch from a distance. Parents are asked to remain on the pathway outside the school (on Waller Street) and underneath the trees (off Keyes Street).

It should be a fun afternoon full of colour and laughter! We look forward to seeing a rainbow of colour.

Save The Date –end of year events

As mentioned in the previous newsletter, with Phase 4 for the WA COVID-19 roadmap having been extended, staff have been having discussions about how we can run our larger scale end of year events. It has been important for staff to ensure that we can maximise community engagement and attendance and keep everyone safe whilst still make these events special. In doing so there have needed to be some changes to dates and/or times and we ask our families to take note of these and add them to your calendar as needed.

Further information will be send home by class teachers for Kindy, Pre-Primary and Year 6.

Playing before and after school

I would like to remind all families that we are currently unable to have students playing in the school at the start and end of each day, particularly in the Pre-Primary and Kindy area. Staff are reporting that they frequently need to ask students to leave the playground at the end of the day and remind families that they are locking the school gates.

Not playing on the equipment in the Kindy and Pre-Primary area out of hours is one of our school rules and it can be confusing for students when they get different messages from the adults in their lives. We have also had some equipment damaged which has needed to be removed from the playground as it made it unsafe. We ask that families reinforce this rule so that messages are consistent, we look after our school property and we keep everyone safe.

Safety when leaving school

I would ask parents to remind their children that walking or riding through the admin carpark when leaving school is not a safe option. During the past week, I have seen both parents and students walk, ride or scooter behind cars and through the carpark at the end of the day. There has even been the occasional toddler who has sped past their family and headed into the carpark area.

Our students and their families' safety is extremely important and I would dread to think of anyone being hurt. I ask that everyone stick to the paths, so that everyone can get home safely each day. Thank you for your support in this matter.

Illness alert

Recently we have seen a number cases of gastro type illness. Unfortunately schools, being full of young children in close contact, can mean that this type of illness can easily spread and then move into the family home. Health Department recommendations are that students remain at home for 24 hours after gastro symptoms have ceased. Please keep children at home if they are unwell, so that we can all stay as healthy as possible.

Kind Regards
Tamara Milford
Principal

Any families that have any financial concerns regarding purchasing the stationery, please come into the office to discuss.

SCHOOL BANKING

Can you volunteer? - We need your help with the School Banking program!

Our students really enjoy participating in the Commonwealth Bank School Banking program and to keep this program running we need your help.

The program requires a volunteer School Banking Co-ordinator to facilitate the banking and distribution of School Banking rewards. The School Banking is processed at the same time each week and will only take a small amount of your time. The Commonwealth Bank will provide support in how to run the program. Your help with the program will greatly benefit students as they practice saving skills and also help our school with fundraising.

Currently, School Banking day is Friday, however, changes to the day can be discussed based on the volunteer's availability.

If you are interested in volunteering for this great program, please contact the office.

We have had such a fun and busy year. We have developed our ability to co-operate and share, expanded our literacy skills with Talk for Writing and explored different languages. We've participated in International Dot Day, grown vegetables, created works of art and learnt the value of being a good friend.

Now we are ready for Year 1.
